To Whom It May Concern,

I am pleased to recommend CJ Williams, who worked with us as a Senior UI/UX Contractor from August 2024 for a period of six months. During his time with our team, CJ consistently demonstrated exceptional design skills, creative problem-solving, and a strong ability to collaborate with both technical and non-technical stakeholders.

CJ's contributions were particularly evident in his work on our new component library and rebuild efforts. His innovative design solutions and proactive communication helped streamline processes and foster a collaborative environment. Team members frequently praised his ability to reach out to stakeholders, adapt to challenges, and deliver clear, effective designs that met our project requirements.

We had hoped to bring CJ on board as a permanent employee, as his work not only elevated our UI/UX standards but also had a positive impact on our overall team dynamics. Unfortunately, due to company-wide layoffs, his position was eliminated—a decision that in no way reflects his outstanding performance or the value he brought to our organization.

I am confident that CJ Williams will be a tremendous asset to any team seeking a talented and innovative UI/UX professional. I wholeheartedly recommend him for any opportunity that requires creative thinking, technical expertise, and strong collaborative skills.

Sincerely,

Dave Bowen
